

Maris Practice News ~ Summer into Autumn 2010

Hello - from us all @ the practice – it's our 9th anniversary on 10th September.

Breaking news:

We have sad, happy and exciting news to give you in this newsletter:

Hannah Cleaver, Osteopath, will be moving away to Dubai with her husband for a year to 18 months in September - we will miss her greatly - but - happily - she will be back!

Also happily, Sarah Coutts, Osteopath will be on maternity leave until next year.

To help us with the increase in demand this will create Jules Lowe BSc Ost and Mark Bolton BSc Ost MSc Paediatric Osteopathy and Tom Turner BSc Ost will be increasing their hours. Also we are very pleased to welcome Jessica Busen-Smith to the osteopathic team, she will be covering time for both Hannah and Sarah, and building her own practice here too.

Please see the new schedule for details. Mary-Jane continues regular hours, but she is taking a break from work at the children's clinic for "metoo&co", (an organisation for children with any additional need and their families), as her mother needs more attention these days.

Do look at the "metoo&co" website for more information, particularly about coming fundraising events and the activities of this wonderful organisation.

Colleagues in the area:

We continue a happily and mutually beneficial link with Chris St John Smith – [Pilates teacher](#) – who comes to work with some children with neurological injuries at the practice. Contact Chris via his website – pilatesrevolution.com

Carmen O'Connor (masseur) can also come in when needed – wonderful relaxing therapy!

Also see our links on our home page to: Bernie Tonge – Alexander Teacher, and the 3 wonderful holistic dentists we refer to.

Our approach

As a team we continue to work with people of all ages - from 0 to ! - and treat a wide range of conditions - always working with your health as an individual, rather than a body with a complaint.

We will also be running a series of seminars later this year about each of our therapies – watch out for advertised dates.

Phones, cars...

We still have to operate from the answer phone service at times, but hope that this doesn't inconvenience you. Please don't be put off by it as we all listen and respond to messages regularly throughout the days.

On another practical note – please ask us about parking if you are having difficulties – we hold permits for the street if there is no space in the mews – see our parking map for restrictions and availability.

That's all for now.

Our sole aim is to give you a good service – if you want any clarification about our different approaches or have any suggestions please speak to Sandra, our receptionist, or Bea, our administrator, who will direct you to the right person to speak to, or visit our website.
